

European Master in Sustainable Systems Engineering (EMSSE)

Polytechnic University of Tirana

We are glad to announce that The Polytechnic University of Tirana is part of the consortium composed of University of Technology of Compiègne, University of Genoa, Polytechnic university of Catalonia and Polytechnic University of Tirana who have won an important project - an Erasmus mundus joint master on sustainable system engineering supported by CE.

The applications for the European Master in Sustainable Systems Engineering (EMSSE) are open and *we would really appreciate it if you could promote this program on your official websites and social media.*

Most of students accepted in this master will have scholarships (1400 euros /month) and the others no admission fees.

All necessary information can be found on www.emsse.eu and the application may be sent through application.emsse.eu.

High level students that have a bachelor degree (before end of July) in computer engineering or similar topics, are most welcome!!

EXCELLENCE AND INTERNATIONALITY IN A JOINT MASTER DEGREE

Joint degree:
Master in Computer Engineering
+ 2 international Master Degrees

Enroll by:
15/02/2024

Submit your application on:
<https://application.emsse.eu/>

Scholarships*:
Erasmus Mundus and/or EMSSE Grant
monthly allowance from € 850.00 to 1400.00
